## PRESS RELEASE

November 13, 2017

Deccan Development Society (DDS) an NGO working in Zaheerabad region for the last 30 years observes WORLD DIABETIS DAY on November 14<sup>th</sup> at Cafe Ethnic, Zaheerabad. DDS which is also founder organisation of Millet Network of India (MINI) has been promoting health and nutrition through a movement led by ecological farmers from across the country.

DDS and MINI together have brought together several food and nutrition activists, environmentalists, scientists and enlightened consumers in its journey. This is yet another effort of the organisation to inform the general public about the nature, problems and solutions to diabetes.

There are reports to say that Hyderabad has become India's Diabetic Capital. Therefore unless we wake up we will be in grave danger of being engulfed by this growing epidemic-like situation.

As its small contribution to this global effort, DDS organises on Tuesday, November 14, 2017 a Diabetes Information and Mitigation Mela at the Café Ethnic premises from 7-30 a.m. till 11 a.m to create more information and more awakening specific to Diabetes.

The Mela has the following components:

1. A check up of sugar levels on an empty stomach and 2 hours after breakfast
2. A number of information posters on diabetes and millets
3. A free millet breakfast for everyone who registers for this event.
4. Lectures by doctors, food scientists on diabetes.

Deccan Development Society feels privileged to be a part of this global effort.

With warm regards,

Sincerely yours,

pv satheesh  
director
